before login, you can see: home header/navbar banner 3 courses show contact-us section courses sidenav All Courses show Single course detail after click details button blog answer for 4 question faq answer for 4 question about course login login form registration formafter login: home * navbar * logout * user name * user photo * Payment option access for course

- Features
 - Fully Responsive for Mobile Devices
 - Secured By JWT, Using DaisyUI
 - Stripe Payment System
 - Modern Design

Doctor-Portal

📅 2022

🔗 <https://doctors-portal-21807.web.app/>

Doctors Portal is a site for a Doctor where anyone can take appointment and the patient take appointment. The admin can add doctors and do so much. The site has a wide variety of features and can be easily customized by the admin. It took me 1 week to complete the full site. I am still upgrading this site day by day. I use MongoDB for the database. JWT for securing the data. This site has a dedicated Admin panel and Control panel where the admin can easily control the whole website.

- Features
 - Fully Responsive for Mobile Devices
 - Secured By JWT
 - Stripe Payment System
 - Modern Design
 - Dedicated Admin Panel, MongoDB

Tourism

📅 2022

🔗 <https://tourism-website-80ca3.web.app/>
